PROJECT PART #0

Subject : Human-Computer Interaction (SECV2113)
Session : 2024/2025 Semester 2
Title : Team establishment and setting up a blog
Duration : 1 Week
Submission : This is a **TEAM ASSIGNMENT** and must be completed in Wk6 – 27th APR 2025

1. You are required to:
 - Decide on a team leader
 - Think of a name for your group
 - Section 01 [28 students – 4 teams with 5 pax, 2 teams with 4 pax]
2. Create a blog using any platform that you are comfortable with (Wix is discouraged). This blog will be the platform where you will post your project deliverables. Make sure it is set to public. You should now:
 - Create your first post!
 - Take a photo of your team and upload
 - Add a profile for each member (with picture 😊)
 - And add description of the name of your team – why do you choose the name?
3. Write the URL for your blog in the in the e-learning (or other alternative platform)
4. Blog must be ready (with this as first post) by the end of the class.
